

The second quarter of the calendar year, 2021 (April-June) witnessed an important addition to the project implementation in the

form of selection and inclusion of FNGOs to all the DMUs. Involvement of FNGOs will go a long way in helping the PMU, DMUs & FMUs design the project interventions and getting to know the ground situation in regard to aspirations of people and extent to which NFMP can absorb it. A two days online training on "Socio Economic Baseline Survey" was conducted by PMU for all the DMUs, FMUs and FNGOs to provide quantified deliverables to ascertain the success of the project.

This period also marked hectic activities in the field wherein advance works and plantation activities have been taken up. It is heartening to state that such activities could be carried out notwithstanding the second wave of COVID-19 pandemic.

It gives me immense pleasure in stating that World Environment Day was celebrated on 5<sup>th</sup> June, 2021. WED was graced by Hon'ble Chief Minister of Nagaland Shri. Neiphiu Rio in a virtual programme and was attended by DGP, Nagaland, Inspector General, Assam Rifles, and Principal Secretary, Department of Forests, among others. Hon'ble Chief Minister inaugurated the plantation activity by planting seedlings in Dimapur. The plantation activity was carried out successfully in all the districts with active support and co-operation from Armed forces and the general public. NFMP extended all logistics support in observance of WED, 2021.

Wishing all the best to all stakeholders associated with NFMP for the success.
