From the Desk

Soft inauguration of the Kohima Peace Memorial and Eco Park was done on 8th May 2024. The Eco Park is being developed as part of the Nagaland Forest Management Project with Official Development Assistance (ODA) from the Japanese government. The inaugural programme was attended by Hon'ble Chief Minister Shri Neiphiu Rio, Shri Suzuki Hiroshi, Ambassador of Japan to India, Shri C.L. John, Hon'ble Minister, Environment, Forest & Climate Change and Village Guards, Chief Secretary to Government of Nagaland, Commissioner & Secretary, Environment, Forests & Climate Change, PCCF & Chief Project Director and other Senior Officers of the State Government. Hon'ble Chief Minister expressed that Eco-Park once completed will turn out to be a critical Centre of urban space and public utility and further said that the park will also become a testament of new found partnership and collaboration between the people of Japan and India, especially the people of Nagaland.

On the project front, during the present quarter various convergence activities like Animal Science Camps and Livestock Management Trainings were conducted in various project villages in collaboration with Department of Animal Husbandry and Veterinary Science.

During the quarter, Shri C.L. John, Hon'ble Minister of Environment, Forests & Climate Change visited the DMU Office Wokha and interacted with DMU Officials on the implementation of the project.

Soft inauguration of the Kohima Peace Memorial and EcoPark:

The soft inauguration programme of the Kohima Peace Memorial and EcoPark was held on 8th May 2024 at Kohima with Ambassador of Japan to India Suzuki Hiroshi, as the special guest.

Speaking at the Inaugural programme Ambassador of Japan to India, Suzuki Hiroshi, expressed his deepest sympathy and condolences to the people of Nagaland who were caught in the crossfire during the war between Japanese forces and the British Commonwealth Forces eighty years ago. He said that the people of Nagaland who had nothing to do with the war inevitably had to go through a great ordeal where many were coerced into cooperation and many people lost their lives and most people were forced to flee from the land of their ancestors. He further added that he was deeply honoured to witness the inauguration of the Kohima Peace Memorial and that the monument enabled us to offer our most solemn prayers to all the victims of the battle.

He expressed his gratitude to the people of Nagaland for their warm welcome and support provided to the Kohima-Japan Bone collection team and for enabling former soldiers and their families to collect the remains of the fallen soldiers. He said that the Eco-Park will be developed as part of the Nagaland Forest Management Project with Official Development Assistance (ODA) from the Japanese Government. In conclusion, he expressed his sincere gratitude to the Chief Minister of Nagaland Neiphiu Rio and also to the people of Nagaland for erecting the peace memorial and hoped that the peace memorial would be a reason for more Japanese people to visit Kohima. "I am convinced that the friendship originally fostered through the remains collection between Japan and Nagaland will be further strengthened through the construction of the Eco-Park as well as the exchange of young people, and they will become new bridges between India and Japan" he said.

Chief Minister, Neiphiu Rio who also spoke at the inaugural programme said that the event marked an important milestone in the narrative of the Naga-Japan partnership which though started under the cloud of conflict had today matured into one for advocating peace and brotherhood of humanity, the message that has been embodied by the Kohima Peace Memorial. He expressed his admiration of Japan for its perseverance and industriousness and how Japan has shown the World what can be achieved through dedication, precision and hard work. Rio highlighted how Nagaland's association with Japan had started almost five decades ago through the Japan

Association for the recovery and Repatriation of War Casualties, an Association that continues till date and the association has now matured into bi-lateral cooperation with Japan under which we have two on going Externally Aided Projects in the forestry and medical sectors. Rio further added that the inauguration of the Kohima Peace Memorial and the ceremony of laying Foundation Stone is the expression of the Naga People's commitment to forge stronger ties between Japan and Nagaland.

Hon'ble CM concluded by saying that the Eco-Park once completed will turn out to be a critical centre of urban space and public utility and the park will also become a testament of our newfound partnership and collaboration between the people of Japan and India, especially the Naga people and will strengthen bonds, enhance bilateral ties and open opportunities for the citizens of the two countries to always pursue common goals.

Minister, Environment, Forest and Climate Change and Village Guards C. L. John thanked all officials and dignitaries who have travelled all the way from Japan and Delhi to attend in the Soft inauguration of the Kohima Peace Memorial and Eco-Park. He emphasised that this Peace Memorial and Eco Park is the realization of a long -felt need in the state given the history of association between Nagaland and Japan. He further highlighted about how 70% of state population is engaged in agriculture mostly traditional method of jhum and shifting cultivation and how this type of traditional method is major reason for loss of forest cover in Nagaland. In such Situation, the Sanctioning of JICA assisted Nagaland Forest Management Project (NFMP) seems providential in rescuing the rich biodiversity of the state. The project objective is to restore forest cover through tree plantation in jhum and promoting conservation of forest through community participation and the project aims to bring an area of 790 square kilometers under forest cover by planting 17 million saplings. He concluded by expressing his gratitude and appreciation to the government and people of Japan for the invaluable assistance towards safeguarding the forest and ecology of Nagaland.

The programme was chaired by Chief Secretary Nagaland J. Alam, IAS who also gave the welcome address while the Vote of Thanks was pronounced by Commissioner & Secretary, Environment, Forest & Climate Change Y. Kikheto Sema, IAS.

Convergence:

Animal Service Camps conducted at NFMP villages: Under Convergence, with Tata AIG & Integrated Livelihood Project-2 project, Animal Service Camps were conducted at Tseminyu, Phenwhenyu, Ehunnu, Terogvunyu villages and at Batch IV villages of Gwachonlo and Zisunyu, Tsosinyu villages (Batch-III). The main objective of this initiative is to provide convenient and timely access to health care services in every village especially for pig health management, providing preventive care services to enable farmers in implementing bio-security measures for African Swine Fever (ASF), raise awareness about general pig health on ASF, importance of feeds management & maintaining Hygiene practices at Pigsties. The Community Mobilizers assisted the Livestock Service Providers in conducting the Animal Service Camps in their respective villages.

Animal Service Camps conducted at Phenwhenyu village on 27th July

Animal Service Camps conducted at Ehunnu village on 7th July

Kiosk Activity & Livestock Management Training: A convergence programme under Cluster Based Business Organization project in collaboration with Nagamaiki Smallholder Pig Producer Company Limited and Godrej Agrovet Nagaland conducted “Kiosk Activity and Training on Livestock Management” on 25th September 2024 at Phenwhenyu Village (Batch-II under Tseminyu Range). The objective of the training was mainly focused on piggery and poultry management practices to the farmers. During the training, importance of selection of breed, feeding management, awareness on variety of medicines, housing, diseases and health care management for better income generation were highlighted.

Kiosk Activity & Training on Livestock Management at Phenwhenyu Village on 25th Sept. 2024

Training on Livestock Management: Training on Livestock Management was organized by DMU Longleng Unit with the support of FNGO in collaboration with Department of Animal Husbandry and Veterinary Service Longleng at Toilanglavlo office, Hukphang village on 6th September 2024 for strengthening the SHGs.

During the training representatives from Department of Animal Husbandry and Veterinary Service Longleng explained about the various benefits and risk involved in rearing pigs, broiler chicken, cows, etc., Later, the team distributed vaccines to the SHGs who were rearing piggery.

Sales Day: On July 27, 2024, the Nagaland Forest Management Project (NFMP) and the Nagaland State Rural Livelihood Mission (NSRLM) Shom-ai BLF BMMU Mon Block collaborated to organize a Sales Day event at the KNSK Hq Office Complex in Walo Ward, Mon Town. This initiative aimed to boost the income of Self-Help Groups (SHGs) actively involved in the NFMP and NSRLM projects. A total of 8 SHGs from NFMP villages and 5 SHGs from NSRLM were present to showcase a variety of seasonal organic vegetables and local handicrafts, all offered at attractive prices.

Medical Camp: The Convergence Program organized by FNGO Mon in collaboration with The Hans Foundation Mobile Medical Unit (MMU) Mon, organized a free medical camp at Totok Chingha village (Batch-III) on 12th September 2024. The camp served a total of 99 persons, including women, children, and the elderly. Attendees received free medical check-ups along with free medications. This initiative aimed to provide essential healthcare services to underprivileged individuals and old citizens who may not have easy access to medical care due to its remote location from the District Hospital. The camp was a significant step toward improving community health and well-being, offering much-needed support to vulnerable populations in the village through collaborative efforts and a focus on holistic healthcare solutions.

Free Medical Camp at Totok Chingha village (Batch-III)

Training on fish preservation and value addition techniques: On 2nd to 4th July 2024, 6 (six) SHGs from Old Changsu, New Changsu and Old Riphym attend 3-days training organized by District Administration in collaboration with Fishery Department, DHEW and Skill Development. The SHGs namely Molumthera and Ronren from Old Riphym, Yurop and Wozhu from Old Changsu Village, Longaro and Chanden from New Changsu Village attended the training.

Training on Fish Preservation and Value Addition Techniques

Practical Floriculture Demonstration to the SHGs on Floriculture (nursery) by the District Horticulture Officer (Horticulture Department Kiphire) at Azetso village (Batch-III).

Visits/ Inspection:

Phenwhenyu village: Shri. Pravanjan Mohapatra, PMC Team Leader along with FMU Head Tseminyu, Shri. Yhuntilo Kent, DMU support staff and FNGO team visited Phenwhenyu village (Batch II under Tseminyu range) on 5th July 2024. The purpose of the visit was to assess the activities implemented as per the Micro Plan and explore possible areas of revision and communities' preferences. During the interaction with the JFMC and SHGs members, the team leader mentioned that that due to the timeline, the community's needs and requirements might have changed from what it was when the first Micro Plan was being prepared. He said, the PMC team will formulate a new template along with guidelines which can be added in the existing Micro Plan of the villages. He also stated that the 2nd cycle of the Revolving Fund should be initiated. The team visited the EPA site and the Team Leader was pleased to know that the community bathroom is being used well and maintained well by the community. The team also visited the Agriculture custom Hiring Center (ACHC) established in Phenwhenyu village which was done in convergence with Tata Trust, implemented by FNGO NEIDA.

Terogvunyu Village: Natural Resource Management Agency of Arunachal Pradesh conducted an exposure trip to NFMP project village, Terogvunyu (Batch II under Tseminyu Range) on 30th and 31st July 2024 under Springshed based Watershed Project.

Natural Resource Management Agency of Arunachal Pradesh team visit to Terogvunyu village

Shri CL John, Minister for Environment, Forest & Climate Change visits DMU Office Wokha: On 14th August 2024, Shri. C.L John, Honorable Minister of Environment, Forest & Climate Change, visited DMU Office Wokha and had an interactive session with Shri. Suman W M Sivachar IFS, DMU Head Wokha, Shri. Vineet Kumar IAS, D.C Wokha, Smti. Rongsenlemla Imchen IFS, C.F (NTC) and Mrs. Sentitula Pongen IFS, DMU Head Mokokchung. The Minister inspected the Divisional Management Unit Office and staff quarters and planted a tree sapling in DMU Office premises.

Shri. C.L John, Honorable Minister for Department of Environment, Forest & Climate Change, planting a tree sapling (left) in the DMU office premises.

Trainings:

Training on Photo Point: A one day training on photo point was conducted for Community Mobilizers of Batch III and IV villages under Tseminyu Range at Tseminyu Village on 30th August 2024. During the training, the Community Mobilizers were given basic instructions on how to capture photographs with GPS Co-ordinates and maintain specific photo points of various activities under the project. The training was conducted by DMU support staff along with FNGO team members.

Orientation of NFMP to JFMC: The training on Orientation of NFMP was conducted at the community hall of Tseminyu village for Tseminyu, Ehunnu and Tsosinyu villages. During the training, the participants were briefed about NFMP its objectives, project target, components, nursery establishment and various Forestry Intervention Model Areas. In addition, the activities to be taken up under Entry Point Activity and Water Harvesting Structures were also explained to the participants. The facilitators also talked about Microplan and the various exercises involved in the preparation of Microplan. The participants were also briefed on the importance of community participation and women members in achieving the desired goals. Altogether, 75 people took part in the training.

Participants during the Orientation on NFMP

JFMC Constitution and Management: The training on JFMC Constitution and Management was conducted on 12th September 2024 at the council hall of Ehunnu Village, with participants from Tseminyu and Tsosinyu villages. Various topics including JFMC compositions & functions, Executive Committee, its compositions and functions, interfaces between different institutions, conflict resolution mechanism, M&E, communication & publicity were explained to the participants. The facilitators spoke on the active participation of JFMCs, which is essential for promoting sustainable forest management while enhancing the livelihoods and well-being of local communities.

Shri Chisayi IFS, DMU Head Kohima along with DMU officials, staffs and participants during the training.

JFMC Record Keeping and Financial Management: The training on JFMC Record Keeping and Financial was conducted at the council hall of Tseminyu village on 13th and 17th September 2024 with participants from Ehunnu and Tsosinyu villages. The participants were trained on maintenance of various books and records under the NFMP such as Meeting Registers, Stock Register, Assets Register amongst others. They were also trained on how to enter the all the details in the registers with proper signature and dates. In addition, maintenance of cash related documents such as cash book, vouchers, ledgers and muster roll were also trained to the participants. They were also trained on how to enter all the details in the JFMC cash book with proper dates and signatures. In addition, the participants were also sensitized on maintaining proper registers and account related books, which will significantly enhance accountability and boost their capacity.

Participants during the training on JFMC Record Keeping and Financial Management

SHG Strengthening & Management Module I: The training on SHG Strengthening & Management Module I was held at the council hall of Tsosinyu Village on 18th September 2024, with participation of SHGs from Ehunnu and Tseminyu Villages. During the training, the SHGs members were given training on various topics such as, promotion of SHG under NFMP, its operationalization, SHG organizational structure and role and responsibilities of office bearers, functions and activities (savings and thrift, internal lending & record keeping), sanction and release of revolving fund & challenge fund support, convergence with NSRLM and other government programmes, post project exit and sustainability strategy. The SHGs members were also encouraged to practice Pancha Sutra, which includes regular meetings, regular savings, regular inter- lending & repayment and maintenance of proper accounts. In addition, they were also sensitized on the importance of women's participation in overall project implementation and in achieving the project goals.

SHG Strengthening & Management Module II: The training on SHG Strengthening & Management Module II was held at the council hall of Ehunnu Village on 19th September, with participation of SHGs from Tsosinyu and Tseminyu villages. The SHGs members were trained on SHG profiling format, standard record keeping, model by- laws, Income Generation Activity Formats, preparation of business plan for promotion of IGA, formats for gradation of SHG and format for credit linkage of SHG with bank.

Training on JFMC Constitution & Management for Batch III villages conducted at DMU Office Dimapur on 28th August 2024. Training on JFMC Record Keeping & Financial Management for Batch III villages conducted at DMU Office Dimapur on 29th & 30th August 2024. Training on SHG Strengthening & Management (Module II) for Batch III & I SHGs conducted at DMU Office Dimapur on 31st August 2024.

Micro Planning and Land Mapping Exercise at Batch-IV Honito Village

Training at DMU Mon: One-day training on NFMP Orientation and JFMC Constitution and Management, and NFMP Record Keeping and Financial Management was held at Tamlu Village on 20th September 2024, at Ametchong Village on 21st September 2024 and at Yachem Village on 23rd September 2024. The participants were taught about NFMP Project, its objectives and components, introduction of JFMC - it's objectives, it's guiding principles, duties and responsibilities of JFMC, JFMC membership, general body meeting, benefits of JFMC and specific duties of JFMC Office bearers, record keeping and financial management of JFMC.

Signing of FPIC by Longtang village members on 11th July 2024. Longtang village is one among the selected Batch-IV villages and lies in Tuensang Range under DMU Tuensang

DMU Zunheboto - Orientation training on NFMP: DMU support Staffs and FNGO Team, organised a One-day orientation training on NFMP at Vekuho Old on 20th September 2024,. JFMC members from Vekuho Old, Sukomi, Khrintomi and Litsami village attended the training.

Water Harvesting Structures:

Resting shed at Community Graveyard Yisisotha Village under FMU Meluri

WHS construction at New Phor village

Livelihood Activities:

Lona SHG of Meluri Village under FMU Meluri launched their turmeric powder which has recently received FSSAI certification during the Independence Day celebration at Meluri Town. The SHG also showcased their products which were also displayed

JAF Merangkong

JFF Merangkong

JCF Merangkong

JCF Model Chingphoi Village (Batch-III)

Activities undertaken in the Divisional Management Units

DMU Kohima:

- The JFMC meeting of Seiyhama village (Batch II) was conducted on 7th July 2024
- The JFMC meeting of Ehunnu village (Batch III) was conducted on 7th July 2024
- The FNGO conducted Business Plan Preparation of 2nd cycle Revolving Fund for Batch-I villages of Tuophema village.
- Under Convergence, with Tata AIG & Integrated Livelihood Project-2, Animal Service Camps were conducted at Tseminyu, Phenwhenyu, Ehunnu and Terogvunyu villages from 7th to 27th July 2024.
- The FNGO organized and assisted the exposure trip of Natural Resource Management Agency of Arunachal Pradesh to NFMP project village, Terogvunyu (Batch-II) on 30th - 31st July 2024 under Springshed based Watershed Project.
- Seiyhama JFMC (Batch-II) carried out maintenance work at the nursery and replacement of withered saplings at PEC Model area in the month of July 2024.
- Under convergence with Tata AIG, Integrated Livelihood Project - 2, Animal Service Camps were conducted at NFMP villages of Tseminyu and Terogvunyu Villages under Tseminyu Range from 28th-30th Aug 2024
- A one-day training on photo point was conducted for Community Mobilizers of Batch-III and IV villages at Tseminyu Village on 30th August 2024.
- The JFMC members, youths and SHGs members conducted maintenance work at JAF Model area at Terogvunyu village (Batch-II) on 17th August 2024.
- The training on Orientation of NFMP was conducted at the community hall of Tseminyu village on 11th September 2024.
- The training on JFMC Constitution and Management was conducted on 12th September 2024 at the Ehunnu Village council hall, with participants from Tseminyu and Tsosinyu villages.
- The training on JFMC Record Keeping and Financial was conducted at the Tseminyu village council hall on 13th and 17th September 2024 with participants from Ehunnu and Tsosinyu villages.
- The training on SHG Strengthening & Management Module I was held at the council hall of Tsosinyu Village on 18th September 2024, with participation of Ehunnu and Tseminyu Village.
- The training on SHG Strengthening & Management Module II was held at the council hall of Ehunnu Village on 19th Sept. 2024, with participation of Tsosinyu and Tseminyu villages.

- In convergence with TATA AIG & Integrated Livelihood Project - 2, Animal Service Camps were conducted at Batch-IV villages of Gwachonlo and Zisunyu, Tsosinyu (Batch-III), and Terogvunyu (Batch-II) villages on 29th Sept. 2024
- A convergence programme under Cluster Based Business Organization project in collaboration with Nagamaiki Smallholder Pig Producer Company Limited and Godrej Agrovets Nagaland conducted “Kiosk Activity and Training on Livestock Management” on 25th Sept. 2024 at Phenwhenyu Village (Batch-II)
- The JFMC members of Seiyhama Village (Batch II) conducted maintenance work at the nursery and PEC Model area on 26th and 27th September 2024

DMU Dimapur:

- Trainings for Batch-III JFMCs and SHGs under DMU Dimapur was conducted from 27th-31st August. The following are the details of the trainings:
- Orientation on JFMC at Ruzaphema Village on 27th Aug. 2024
- JFMC Constitution & Management at DMU Office Dimapur on 28th Aug. 2024
- JFMC Record Keeping & Financial Management at DMU Office Dimapur on 29th & 30th Aug. 2024
- SHG Strengthening and Management (Module II) at DMU Office Dimapur on 31st Aug. 2024
- Plantation activity was conducted at PEC & JFF models of Sirhi Angami village. Maintenance was done at JFF & PEC model of Sirhi Angami village. Ruzaphema JFMC did maintenance work at JCF model during the quarter.

DMU Phek:

- Pfutseromi Village initiated weeding and casualty replacement plantation in JFF and JCCCA sites during the month of July. The JFMC along with the villagers were engaged in the 2-day activity in which around 800 saplings were planted.
- Akhegwo JFMC (Batch-III) planted around 1003 saplings in the JAF model. Species planted includes avocado, orange, local neem and stinky bean (Yonchak).
- Lekromi JFMC initiated Weeding and casualty replacement activity at JCCCA model site during the month of July. The JFMC planted around 400 saplings which include alder, wild apple and oak.
- JFMC Yisisohta has begun the construction of resting shed at Community graveyard under EPA.
- Pfutseromi JFMC (Batch-II) was engaged in clearing of weeds in the Model treatment site during the month of August.
- Lona SHG of Meluri Village under FMU Meluri launched their turmeric powder which has recently received FSSAI certification during the Independence Day celebration at Meluri Town.
- Lekromi Village JFMC under FMU Pfutsero was involved in Maintenance work during the month of September. The JFMCs along with the members took part in clearing the weeds in all the Model treatment areas.
- Pfutseromi JFMC undertook maintenance activity in JCCCA and JFF Model treatment area during the month of September.

DMU Kiphire:

- Kisetong JFMC (Batch-III) carried out plantation in JCF model on 10th Aug. 2024.
- Yingshikiur JFMC (Batch-III) carried out plantation/mortality replacement in JAF model on 11th Aug. 2024
- FNGO Team along with DMU support staffs conducted Micro Planning Exercise at Langzanger village (Batch-IV) on 29th July 2024.
- FNGO Team along with DMU Support Staffs conducted Micro Planning Exercise at Thsingar village (Batch-IV) on 30th July 2024.
- As part of Micro Planning Exercise, Participatory Rural Appraisal (PRA) exercise was conducted at Nitoi village (Batch-IV) on 31st July 2024.
- FMU field staffs and Keor JFMC (Batch-III) conducted plantations/mortality replacement in PEC model on 30th July 2024,
- FMU field staffs and Zhimkiur JFMC (Batch-III) conducted plantations/mortality replacement in JAF model on 31st July 2024.

- 6 (six) villages namely Amikioro, Zhimkiur, Yingshikiur, New Longmatra, Azetso and Kisetong Village attended JFMC training on “Orientation of NFMP” for Batch-III villages at Hopongkyu memorial hall, Kiphire on 30th Sept. 2024.

DMU Longleng:

- The inspection and Survival Rate Assessment of JAF-1 and JAF-2 of Yachem Village was done by FMU and DMU support staffs on 13th July 2024.
- A joint meeting of DMU staffs, FNGO, JFMC and SHGs of Pongching village was conducted on 31st July 2024 in the Conference Hall of Forest Office Complex.
- The 2nd Revolving Fund (RF) to three (3) Self Help Groups of Sitap range were issued by on 28th Aug. 2024 at the office complex.
- Training on Livestock Management was organized by DMU Longleng Unit with the support of FNGO in collaboration with Department of Animal Husbandry and Veterinary Service Longleng at Toilangla VLO office, Hukphang village on 6th Sept. 2024 for strengthening the SHGs.
- One-day training on NFMP Orientation and JFMC Constitution and Management, and NFMP Record Keeping and Financial Management was held at Tamlu Village on 20th Sept. 2024.
- Training on NFMP Orientation and JFMC Constitution and Management, and NFMP Record Keeping and Financial Management was held at Ametchong Village on 21st Sept. 2024.
- Training on NFMP Orientation and JFMC Constitution and Management, NFMP Record Keeping and Financial Management was held at Yachem Village at Community Hall on 23rd Sept. 2024.

DMU Mokokchung:

- Monitoring & Evaluation of plantation and ANR at JCF Model was carried out by the FMU Staff on 9th July 2024.
- Maintenance work at PEC Model was carried out by Aliba JFMC on 13th July 2024,
- Monitoring & Evaluation of plantation and ANR at JCF Model was carried out by FMU Staff On 9th July 2024.
- Maintenance work at JCF Model was carried out by the Chungtia JFMC on 29th July 2024.
- Monitoring & Evaluation of plantation and ANR at JAF, JFF 7 JCF Model cum- GIS Data on Forest Management Unit & Institutional Strengthening was collected and carried out by the FMU Staff & FNGO Staff on 12th July 2024.
- Maintenance work was carried out at JCC & PEC Model by Longpa JFMC on 18th July 2024.
- Maintenance work along with gap replacements was carried out at PEC Model Chungtia village from 9th August 2024.
- Maintenance work was carried out at JCF Model Chungtia village from 13th Aug. 2024.
- Gap replacement was carried out at JCF Model Chungtia village from 30th Aug. 2024
- Maintenance work and gap replacements were carried out at JCC Model Longkong village from 28th Aug. 2024.
- Maintenance work and gap replacements were carried out at JCC Model Longpa village from 8th Aug 2024.
- Maintenance work was conducted simultaneously at JCC & PEC Model Sungratsu village from 28th Aug 2024.
- Maintenance work was carried out at JCC Model Chungtia village from 10th Sept 2024.

DMU Mon:

- DMU Mon and Nagaland State Rural Livelihood Mission (NSRLM) Shom-ai BLF BMMU Mon Block collaborated to organize a Sales Day at the KNSK Hq Office Complex in Walo Ward, Mon Town on July 27, 2024,
- The Convergence Program organized by FNGO Mon in collaboration with The Hans Foundation Mobile Medical Unit (MMU) Mon, organized a free medical camp at Totok Chingha village (Batch-III) on 12th Sept. 2024.
- PRA exercise/ Micro-planning of Shiyong Village and Chingdang Village (Batch-IV) was conducted in the month of September.
- ADMU cum FMU Head Peren along with FNGO Team & JFMC Peletkie successfully conducted its General Body Meeting on 22nd August, 2024.

DMU Peren:

- JFMC member initiated and carried out Maintenance-I works and gap plantation at JFF & JCF model on 31st Aug. 2024.
- Old Poilwa JFMC carried out Advance work & plantation activities in 2 forestry intervention sites i.e JCC & PEC in the month of September.
- Peletkie JFMC carried out maintenance works at WHS site, JFF and JCC plantation sites on 26th Sept. 2024.
- Poilwa JFMC organized maintenance works at NFMP nursery site on 14th Sept. 2024.
- Maintenance & plantation work were carried out by Tening JFMC 27th Sept. 2024.

DMU Tuensang:

- Maintenance work were carried out on JAF, JFF & JCF model sites of Chimonger village (Batch-I) on 12th Aug. 2024.
- Rejected areas in WebGIS of JAF, JCF & JFF treatment model areas of Langnok village (Batch-I) were rectified on 26th Aug 2024.

DMU Wokha:

- 6 SHG's from Old Changsu, New Changsu and Old Riphyim attend the 3-day training on Fish Preservation and Value Addition Techniques organized by District Administration in collaboration with Fishery Department, DHEW and Skill Development on 2nd-4th July 2024.
- Yikhum Village started the maintenance work and gap filling at JAF-I, JAF-II and JFF model site on 2nd Aug 2024.
- Tsungiki Village started the plantation activity and stacking at JFF model site on 8th Aug. 2024.
- Niroyo Village started the remaining plantation activity at JAF-II model site on 8th Aug. 2024.

DMU Zunheboto:

- The Annual Review Meeting for the FY 2023-2024 of the DMU, Zunheboto was conducted on 8th August 2024.

Achievements of the Project as on September 2024:

1. **Area covered so far 37,966.01 Ha**
 - Jhum Agro Forestry (JAF) **5221.38 Ha**
 - Jhum Fallow Forestry (JFF) **3231.52 Ha**
 - Jhum Conservation to Forestry (JCF) **2476.07 Ha**
 - Jhum Conservation to CCA (JCC) **2238.57 Ha**
 - Protection and Expansion of CCA (PEC) **24798.47 Ha**
2. **No. of SHGs involved in IGA 420 SHGs** (Activities undertaken Poultry, Piggery, Farming, Food processing, Weaving, etc.)
3. **Establishment of JFMC Nurseries:** The Nurseries of Batch-I, Batch-II & Batch-III villages has been completed comprising a total of 144 villages. As for Batch-IV villages, construction of 4 (four) Nurseries has started under DMU Mokokchung.
