

NAGALAND FOREST MANAGEMENT PROJECT

NEWSLETTER

October - December 2024

Volume - VI | Issue No. 4

From the Desk

The much awaited Eco-Park was officially inaugurated in Kohima on December 1, 2024. Inauguration was done by Hon'ble Chief Minister of Nagaland, Shri Neiphiu Rio in the presence of Shri Ono Keiichi, Ambassador of Japan to India. The Eco-Park was created with the funding of JICA and is located in a historical area at the City Centre. The Park will serve as a green urban space with recreational facilities and a market place for local produces.

During the quarter, Convergence activities with departments like Veterinary and Animal Husbandry, Agriculture and Skill Development took place.

Mid-Term Evaluation of the Project is being undertaken involving third party. MTE team visited the districts of Mokokchung, Peren, Phek, Tuensang, Wokha and Zunheboto. The team visited and evaluated various activities like nurseries, plantations under different Models, Entry Point Activities (EPA) and Water Harvesting Structures (WHS). The team also interacted with JFMC/SHG members of the Project.

(M. SENTHIL KUMAR), IFS
Project Director,
HRD, Resource & Extension,
Nagaland Forest Management Project.

Inauguration of Eco Park at Kohima:

The Eco Park in Kohima was officially inaugurated on December 1, 2024, by Nagaland Chief Minister Shri Neiphiu Rio and Shri Ono Keiichi, Ambassador of Japan to India. Located in a prime historical area at the City Center, the park will serve as a green urban space for both locals and tourists, offering recreational opportunities like jogging, family outings and a marketplace, while promoting environmental awareness. The park will also create livelihood opportunities through kiosks, retail outlets and a craft bazaar, contributing to the local economy.

Eco Park located opposite to Capital Cultural Hall

Inauguration of Eco Park, Kohima

In observance of Wildlife Week 2024, the following District Management Units (DMUs) successfully promoted the theme 'Wildlife Conservation through Coexistence' through collaborative initiatives with various schools and organizations.

- **Kohima:** Kohima Forest Division, in collaboration with Nagaland Forest Management Project (NFMP) and KFW, DMU, organized competitions such as drawing, painting and quiz at Trinity School, Government Middle School (T. Khel, Kohima Village) and Government High School (Forest Colony), engaging 92 students.
- **Longleng:** DMU Longleng in partnership with Good Shepherd School, celebrated the event on October 5, 2024 which featured quiz, fun facts and a nature walk to Nagar Vatika, where students learned about local flora.
- **Mokokchung:** JFMCs of Batch-II villages marked Wildlife Week from October 2-8 through awareness programmes and community activities. Merangkong JFMC educated GHS students on human-wildlife coexistence and distributed saplings, while Salulamang JFMC conducted a mass social work initiative involving youth and SHGs.
- **Kiphire:** DMU Kiphire and FNGO EWS in collaboration with the District Administration and Nitoi Village Council, organized an **Airgun Surrender Programme** at Nitoi Village (Batch-IV) on October 2, attended by Shri Rama Shankar Prasad, IFS, DFO Kiphire, and Shri Longdiba L. Sangtam, NCS, ADC Kiphire.
- **Tuensang:** Tuensang Forest Division held a District-Level Quiz Competition on October 7, emphasizing wildlife conservation awareness.
- **Wokha:** FMU Head Wokha Range, DMU Wokha, FNGOs and local representatives celebrated Wildlife Week at Niroyo, Yanthamo, and Phiro villages (Batch-III), attended by JFMCs, SHGs, Student Unions and Village Councils.

WORKSHOPS

Two-day capacity-building workshop:

A two-day capacity-building workshop on "Building Resilient Communities: Women and Sustainable Ecosystems in Nagaland" was organized by the Nagaland State Commission for Women, with support from the National Commission for Women, on 8-9 October 2024, at the SIRD Auditorium, Kohima. Various SHGs under NFMP participated in the workshop.

Workshop on "Building Resilient Communities: Women and Sustainable Ecosystem in Nagaland"

13th JICA National Workshop of Forestry Projects in India:

The Project Director (HRD), NFMP Nagaland, and DMU Head Mon represented Nagaland at the 13th JICA National Workshop of Forestry Projects in India, held from November 13-15, 2024 at Shillong, Meghalaya. The workshop, attended by states with JICA-assisted forestry projects, focused on cross-learning and sharing experiences in forestry project implementation. A foreign delegation from Kenya also participated, sharing their nearly four decades of experience.

During the workshop, NFMP Nagaland presented a PowerPoint on "Mitigating Impacts of Jhum Cultivation for Sustainable Forest Management," outlining the project's models and their impacts on sustainable forest management.

The Project Director (HRD), NFMP Nagaland & DMU Head Mon attending the 13th JICA National Workshop of Forestry Projects in India at Shillong

Convert Waste into Wealth:

On 23rd November 2024, the DMU Peren Unit and FNGO CCERP staff conducted a workshop on "Convert Waste into Wealth" during the Amur Falcon Bird Festival. The event was organized by BNHS and ZYCUS Infotech in collaboration with St. Xavier College, Jalukie.

CONVERGENCE

Animal Service Camp: DMU Kohima Division in convergence with Tata AIG & ILP-2 (Integrated Livelihood Project), organised Animal Service Camps at NFMP villages on 26-27 October 2024. The camps took place in Gwacholo (Batch-IV), Tseminyu (Batch-III), Phenwhenyu, Terogvunyu (Batch-II) and Ehunnu (Batch-III) villages. The main objective of this initiative aimed to provide timely access to healthcare services, particularly for pig health management and to offer preventive care for African Swine Fever (ASF). It also focused on raising awareness about pig health, feed management and hygiene practices at pigsties. The Community Mobilizers supported the Livestock Service Providers in conducting the camps.

Animal Service Camp at Phenwhenyu village

Animal Service Camp at Terogvunyu village

Training on improved agricultural practices cum demonstration on pest control management:

Under the ILP-2 project, convergence training on improved agricultural practices for Rabi crops was held at Tseminyu village (Batch-III, Tseminyu Range) on 23rd October, 2024. Training cum demonstration on Pest Control Management in agriculture was also undertaken to help prevent crop damage, with hands-on demonstrations for beneficiary farmers and SHG members. The training covered practical techniques for cultivating winter crops for income generation. A total of 10 farmers attended the training.

Training on improved agricultural practices

Training cum demonstration on Pest Management

Certificate-based Trainings:

The NFMP FNGO team, in collaboration with DMU staff from Kiphire Division, initiated Skill Development Training programme in partnership with NTTC Dimapur and the Department of Industries, Government of Nagaland. These certificate-based training sessions were conducted across various NFMP villages, with the goal of providing alternative livelihood opportunities to the unemployed individuals within the JFMC villages. The training aimed to empower youth, women and men by equipping them with sustainable income-generation skills. The following training sessions were conducted as part of this initiative:

- **Fruits & Vegetables Dehydration and Processing** at Kisetong village (Batch III) from 29th October - 6th November, 2024, with 16 participants.
- **Bamboo Handicraft Training** at Azetso village (Batch III) from 29th October-4th November, 2024, with 16 participants.
- **Bamboo Handicraft Training** at New Longmatra village from 5th-13th November, 2024, with 15 participants.
- **Bamboo Handicraft Training** at Penkim village from 29th October-5th November, 2024, with 30 participants.
- **Banana Fibre/Natural Fibre Extraction and Handicraft** at Seyochung village (Batch II) from 29th October-6th November, 2024.

Seyochung village (Batch II)

Training on soap and detergent making:

The DMU Dimapur Division in collaboration with NTTC (Nagaland Tool Room & Training Centre) Nagaland, from 11th November, 2024, organized a two-week training on soap and detergent making as part of a convergence activity at Piphema Old (Batch-II). The training aimed to enhance the skills and livelihood opportunities of SHGs. A total of 17 participants attended the training.

Two weeks training on Soap/Detergents making for SHGs at Piphema Old village, Dimapur

Kiosk Activity and Training on Livestock Management conducted in different Project villages:

DMU Kohima Division in convergence with Nagamaiki Smallholder Pig Producer Company Limited (NSPPC) and Godrej Agrovet Nagaland organized a Kiosk Activity & Livestock Management Training at Tseminyu, Zisunyu, Tsosinyu, Ehunnu and Terogvunyu villages from 25-26 November, 2024. The main objective of this initiative was to offer villagers convenient access to various pig feed products, medicines and other livestock care essentials, with a focus on promoting the quality and nutritional benefits essential for healthy pig growth and productivity. Dr. Rusalie Nakhro, Veterinary Doctor, provided expert guidance on the importance of quality feeds, effective feeding management and the proper use of medicines. The Community Mobilizers assisted the Livestock Service Providers in conducting the Kiosk Activities & Training on Livestock Management in their respective villages.

Zisunyu village on 25/11/2024

Terogvunyu village on 26/11/2024

Tsosinyu village on 26/11/2024

Mushroom Cultivation Training:

DMU Kohima Division in collaboration with the NABARD Springshed Project, conducted a training session on Oyster Mushroom cultivation at Terogvunyu village (Batch II under Tseminyu) on 4th December, 2024. The primary objective of this training was to provide hands-on training to existing SHGs for sustainable livelihood development through income-generating activities. Dr. Arensungla, Subject Matter Specialist and FNGO member, was the Resource Person for the training.

Oyster Mushroom Cultivation training at Terogvunyu village, Tseminyu

Entry Point Activities (EPA)**DMU Mokokchung:**

Entry Point Activities (EPA) were undertaken at: (1) Longkhum Black topping works (2) Mangmetong a community store house (3) Aliba village - Water Harvesting Structure (WHS) and water supply system.

Black topping of road at Longkhum village

Construction of store house at Mangmetong village

Inauguration of WHS & water supply system at Aliba village

DMU Mon:

Community Kitchen was constructed as a part of EPA at Upper Tiru village (Batch-III) Naganimora Range, Mon.

Community Kitchen at Upper Tiru Village, Mon

DMU Phek:

1. Village Community Hall was constructed at Ahen village (Batch II), Phek.
2. A Graveyard Resting Shed was constructed at Yisisotha village (Batch III), Phek.

PARTICIPATION IN FESTIVALS

Hornbill Festival 2024:

During the 25th edition of Hornbill Festival 2024, SHGs under DMU Kohima exhibited and sold their products at the Naga Heritage Village in Kisama. Sherhun, Rhodyu, Njusa, Nyunme Logwa, Kazon Logwa and Kemichi Zie SHGs participated in this event.

Stall at the 25th Hornbill Festival, 2024

SHG products for sale

Cherry Blossom Festival Longkhum 2024:

The 2nd edition of the three-day Cherry Blossom Festival was held at Longkhum village from 27th-29th November 2024. During the festival, SHG products from Aliba, Longkong, Mopungchuket, Longmisa, Changtongya and Yaongyimsen villages were showcased and promoted.

Cherry Blossom Festival Longkhum 2024

DMU Wokha Stall at Tokhü Emong Festival 2024

Tokhü Emong Festival:

During the Tokhü Emong Festival held from 4-7 November 2024, DMU Wokha set up a stall to promote "Freshly Wokha" SHGs products. The stall displayed and sold a variety of items such as pickles, fruit juices, handicrafts, dry fruits and traditional attires.

Tokhü Emong Bird Watching:

The DMU Longleng Unit, in collaboration with Good Shepherd School, Longleng, participated in the Tokhü Emong Bird Watching Event on 5th November, 2024. The students visited the LEMSACHENLOK Community Biodiversity Conservation Area at Yaongyimchen village, where they observed and recorded 47 different bird species.

Students of Good Shepherd School at the Tokhü Emong Bird Watching Event

Mid-Term Evaluation

The Mid-Term Evaluation (MTE) team, consisting of Shri Arun Kumar Bansal, IFS (Retd.), Dr. Sashilila Ao and Ms. Tsonchumi Odyuo, visited **Mokokchung, Peren, Phek, Tuensang, Wokha and Zunheboto** districts. Their visit was to review the progress of the Project to ensure that they are aligned with the Project's objectives and identify areas for improvement.

Mokokchung: The Mid-Term Evaluation (MTE) team of Dr. Sashilila Ao, Consultant and Ms. Tsonchumi Odyuo, Consultant, visited Chungtia, Mongsenyimti, Merangkong and Yaongyimsen villages on 6th, 14-15 November, 2024. They evaluated models such as PEC, JCF, JFMC, SHGs and WHS activities and interacted with the JFMC and SHG members.

MTE Consultants during inspection at DMU Mokokchung

Peren: The team inspected Mpai Namci, Tening, Nchangram, Old Nkio and Upper Sinjol villages from 22-26 November, 2024. They reviewed documentation, inspected models like PEC, WHS and treatment models and interacted with SHGs and JFMC members.

MTE Consultants during inspection at DMU Peren

Tuensang: The MTE team visited DMU Tuensang from 9-11 November, 2024. Activities under Angangba village (Batch-II) and Litem village (Batch-II) were inspected and the team also visited DMU Office, Tuensang.

MTE Consultants during inspection at DMU Tuensang

Wokha: The team also visited Wokha on 24th October 2024, where they held discussions with DMU and FMU Heads and inspected New Wokha village. From 18-20 November 2024, the team visited Longsachung, Niroyo and Old Riphym villages, reviewed JFMC and SHG activities, inspected model sites, EPA, WHS, nurseries and discussed IGA fund distribution.

ACTIVITIES UNDERTAKEN IN THE DIVISIONAL MANAGEMENT UNITS

DMU Dimapur

- FNGO team and JICA staff visited all the JFMC villages under Medziphema Beat for meeting with JFMC and SHGs, Register updating and record maintenance on 3/10/2024.
- Records of SHG members at Piphema Old and JFMC records at Pherima A were checked in October, 2024.
- FMU Head and FMU Staffs visited Piphema Old and Thekrejuma village, and met JFMC treasurer to check their accounts record book in November 2024.

FMU Head, FNGO team and JICA staff inspected the following in October, 2024:

1. Monitoring exercise at JAF, PEC treatment site & JFMC nursery.
2. JFF & JCF Model at Hekheshe village and JCC & JCF Model at Medziphema village
3. EPA (renovation of community hall) at Sirhi Angami village

DMU Kiphire

- JFMC meetings were held at Pokphur and Keor villages (Batch-II) in October, 2024.
- SHG meetings were held in Old Resithsi, Kisetong, Keor and Yingshikiur villages for October 2024.
- FMU Head Kiphire and Executive staff of Kiphire Forest Range carried out the inspection of JFF, JCC, PEC models, EPA and WHS at Old Resithsi, Anatongre, Keor, Seyochung and Anatongre villages (Batch-I) in October and November, 2024.
- DMU Staff, FNGO Field Coordinator and FNGO Field Mobiliser visited Thsingar, Nitoi, Honito and Langzanger villages (Batch IV) in November 2024 for extraction of primary data for preparation of Micro Plan.
- FMU Head Kiphire, Executive staff of Kiphire Forest Range & DMU support staff inspected nursery, JAF model and EPA construction (Village Council Hall) of Zhimkiur village (Batch-III) on 13th November, 2024.

1. One day DMU Level Training for Batch-III villages on JFMC Constitution & Management was held on 7/10/2024
2. Two days training on JFMC Record Keeping & Financial Management for Batch-III JFMCs representatives was held on 14-15 October, 2024

FNGO carried out "EK PED MAA KE NAAM" plantation drive at Keor (Batch-II) & Amikioro villages (Batch-III) on 21 October, 2024

DMU Head, ADMU Head Kiphire & Executive staff of Kiphire Forest Range visited Kisetong village (Batch-III) for JFMC meeting and field inspection of JAF & PEC Models, Nursery stock, WHS construction & CC footpath in November, 2024.

DMU Kohima

- JFMC meetings were held at Seiyhama (Batch-II), Nsunyu (Batch-I), Tsosinyu (Batch-III) and Ehunnu (Batch-III) villages in October and December, 2024.
- DMU Support Staff and FNGO Team members reviewed various registers of Batch-I and II villages at Forest Office Complex, Kohima in October and November, 2024.
- FNGO team members conducted the signing of loan agreement and SHG profiling of 2nd cycle of Revolving Fund for Nsunyu, Tuophema and Zhadima 'A' villages (Batch-I), Gwachonlo and Zisunyu villages (Batch -IV) under Tseminyu in October and November, 2024.
- FNGO Team members conducted meetings for SHGs under Tseminyu and Tsosinyu (Batch-III), Zisunyu (Batch-IV) and Terogvunyu (Batch-II) villages in the month of November, 2024.
- FNGO team members carried out the preparation of Business Plan and Gradation of SHGs for the 2nd cycle of Revolving Fund for Batch-II villages (Terogvunyu, Phenwhenyu, Kandinu and Seiyhama) in November and December, 2024.

- The JFMC members of Tsosinyu village (Batch-III, Tseminyu) conducted maintenance work at the plantation areas on 7th December 2024, with active participation from JFMC members, youths, SHG members & village leaders
- JFMC members, with support from SHG members, village youth & village leaders, constructed a viewpoint at the plantation area in Tsosinyu village

FNGO Team members conducted meeting with SHGs of Batch-II & Batch-IV villages

DMU Longleng

- FMU Longleng team held a consultative meeting with the JFMC members of the village on 19/10/2024.
- FMU Head & DMU staff on 30/11/2024 inspected the clearing and maintenance work of plantation at PEC Yachem village, carried out by JFMC members in coordination with the Yachem Village Council and Yachem Staff Union.
- A mass social work to clean the NFMP infrastructure and office compound was organized by DMU and FMU staff at DMU Office, Longleng on 22/11/2024.
- The FMU Longleng inspected and installed signboards at all three forestry model areas in Yachem village on 12/12/2024.

FMU Longleng team & JFMC members on 14th & 19/10/2024 inspected JFF-1 & JAF-2 Models at Mongtikang village, JAF-1 forestry model, nursery & growth of the plantation at Yachem village

Survival assessment of JAF Mongtikang village & JAF Pongching village (Plot-2) was conducted on 22/10/2024 by FMU Head, Forest Guard, FNGO & DMU Staff

DMU Mokokchung

- Verification of sites and resurvey works were conducted on 8th, 9th and 22nd November, 2024 at Longmisa PEC model area as land use changes were noticed.
- JFMC General Body Meetings were held at Mangmetong, Chungtia and Aliba villages in the month of December, 2024.
- FMU Staffs inspected and resurveyed all the model areas in Chungtia village on 14th and 16th December, 2024.
- The maintenance work being done at PEC by JFMC Salulamang was inspected in December, 2024.

Nursery maintenance at Batch-III & Batch-IV villages, DMU Mokokchung

Maintenance work of
PEC Model at Chungtia village
(Batch-III) & JCC Model at
Sungratsu village (Batch-III)

ADMU Head Mokokchung,
i/c FMU Changtongya inspected the
construction of retaining wall (EPA),
nursery & field at Liroyim village
(Batch-IV) in October, 2024

DMU Mon

- FMU Head and Staffs under Mon Range inspected JAF, JCF & JCC Models of JFMC Totok Chingnyu village, Batch-II in October, 2024.
- DMU Head, FMU Head, DMU Monitoring & Convergence Expert and FMU Staff inspected JAF, JCC and JFF Models under Upper Tiru village (Batch-III) in October, 2024.
- Water Harvesting Structure (WHS) and Community Toilet of Lower Tiru village (Batch-III) was inspected by DMU Head, FMU Head, DMU Monitoring & Convergence Expert and FMU Staff in October, 2024.
- The FMU Head and FMU staff carried out nursery inspection at Pongkong village (Batch-III), WebGIS Survey for Batch-II and Batch-III villages and PRA Exercise for Microplanning at Chenwetnyu village (Batch-IV) in November, 2024.
- Plantation drives at various Model treatment areas under Upper Tiru village (Batch-III) was carried out in December, 2024.

Inspection of JAF Model under Lower village (Batch-III) by DMU Head,
FMU Head, DMU Monitoring & Convergence Expert & FMU Staff in October, 2024

DMU Peren

- JFMC General Body Meeting was conducted at Mpai Namci (Batch-I) village on 19/10/2024.
- FMU Head Tening and his Field staff held a Consultative Meeting with Azailong Village Council on 17/10/2024 at Azailong Village Council Hall.
- ADMU cum FMU Head Peren and JFMC of Peren village carried out maintenance works at JAF model from 14-16 October, 2024.
- DMU Planning & Livelihood Expert, Field staff and FNGO Team conducted GIS survey and Nursery inspection at Old Poilwa village on 25/10/2024.
- DMU Peren and FMU staffs inspected Tening (Batch-II) and Peletkie villages (Batch-II) on 2/12/2024 and Tening village (Batch-III) on 3/12/2024 for Plantation performance, ANR Performance, Soil Moisture Conservation (SMC) Performance and checking of JFMC documentation and interacted with JFMC members.

Training on SHG Strengthening & Management Module I & II was conducted at Old Poilwa village from 24-25 October 2024.

DMU Peren Livelihood Expert, FMU Head of Tening & his field staff visited Tepun village on 8-9 October, 2024 to sign the FPIC and MoU and survey of five treatment models

DMU Phek

- Orientation Training on NFMP for Batch-III villages was conducted at Pfutsero on 23/10/2024 and at Meluri on 24/10/2024.
- Micro Plan Preparation under FMU Pfutsero was conducted in the month of October, 2024.
- Loan agreement signing for the 1st Revolving Fund cycle for selected Batch-III SHGs (New Phor, Yisisohta, Kiikegwo and Akhegwo villages) was signed in November 2024, with assistance from FNGOs and the respective JFMCs.
- JFMC Pfutseromi, Lekromi and Kami undertook fireline cutting and tending operations in all models under their respective treatment models in December, 2024.

“JFMC Management and Constitution, Record Keeping & Financial Management” Training for Batch-III was conducted on 9, 11 & 12/11/2024

DMU Phek conducted SHG Trainings on "SHG Strengthening & Management Module II" for various SHGs under Batch-III villages in November, 2024

DMU Tuensang

- Training programme on Orientation of NFMP, JFMC Constitution and Management, JFMC Record Keeping and Financial Management was conducted on 8-9 October, 2024.
- DMU Tuensang inspected nursery, JAF, JFF and JCF models at Kuthur, Pangsha Old, Dan, Noksen, Yimrup and Waphur villages in the month of October, 2024.
- Orientation programme for Tuensang village (Batch-IV) was conducted on 25/11/2024.
- Meeting with JFMC and SHGs at Alisopur under FMU Longkhim was conducted on 9-10/12/2024 and at Angangba village on 13/12/2024.

DMU Tuensang organized Training Programme on "SHG's Strengthening and Management (Module I & II)" for Batch-III villages in October, 2024

DMU Tuensang team during field inspection

DMU Wokha

- Revolving Fund Loan Agreement was signed between Old Changsu village JFMC and SHGs on 8/10/2024.
- JMFC record keeping and Financial Management Training for batch III villages under Wokha and Doyang beat villages was conducted on 16/10/2024.
- FMU Doyang Beat, DMU support staff, FNGOs, and FMU field staff conducted JFMCs review meeting at Old Riphyim village on 24/10/2024.
- JFMC Meeting cum SHGs 1st cycle Revolving Fund instalment was held at Niroyo and New Changsu villages on 11/11/2024 and 12/11/2024 respectively.
- The Planning & Livelihood Expert along with FNGO Leader visited Wokha, Niroyo, Longsachung and Old Riphyim villages on 15/11/2024 to prepare SHGs and JFMCs for Mid-Term preparatory visit.

FMU Head Doyang Beat, DMU support staffs, FNGOs & FMU field staffs inspected JAF, JCF & JFF Model sites under Doyang Beat (Batch-II) & Wokha Range (Batch-III) in October & December, 2024

- Tsungiki village JFMC started construction of Soil Moisture Conservation (SMC) work at JFF model site on 15/10/2024
- On 21/10/2024, Tsungiki village JFMC commenced the construction of SMC work at the JAF model site, featuring bamboo bunding to reduce soil erosion & conserve moisture

DMU Zunheboto

- FMU Head & Divisional Officials on 16/10/2024 visited Naghuto Old and Naghuto New and held a meeting with local leaders and JFMC members on boundary demarcation and site selection for 5 NFMP landscape management models.
- Divisional Staff carried out Landscape and Plantation at Administration Complex Pughoboto on 25/10/2024.
- SHGs of Sukomi village cleared jungle at JAF Model on 26/10/2024.
- JFMC level Training on SHG Strengthening and Management Module-I was held at Litsami village on 26/10/2024.
